# BRITISH CHOOSE MEMBERS OF NEW COMMONS TO-DAY

## MUST USE ATTRITION ON ORIENTALS HERE, MANSON COUNSELS

Attorney-General Would Give Indifferent Ontario  
Taste of Menace British Columbians Suffer; Cali-  
fornia By Supreme Court Victory Now Takes Big  
Lead Over This Province In Coping With Danger;  
Sacrifice of B. C. On Altar of Imperialism Opposed

The assertion of Alfred Stork, member for Skeena in Domi-  
nion House of Commons, that "British Columbia is not prepared to  
sacrifice itself on the altar of Imperial relations," was quoted in  
the Legislature yesterday by Attorney-General Manson in second-  
ing the anti-Oriental resolution of the Hon. William Sloan.

Mr. Manson declared that Mr. Stork's language was strong lan-  
guage, but at the same time it was a fact that B. C. cannot permit  
itself to be sacrificed on the altar of Imperial relations when it  
comes to this Province being inundated with Orientals.

"But I am inclined to the view that if the Dominion Govern-  
ment takes a strong stand, Japan will  
not be unreasonable in the matter,"  
Mr. Manson said.

"This matter, it is true, is primarily  
for the Dominion authorities, but  
with the seat of government so far  
removed from the Pacific Coast one  
must not be surprised that there is  
not that appreciation of the acute-  
ness of the situation at Ottawa that  
is necessary."

Send Them to Ontario.  
He asserted that the situation was  
well put by Elinor Munro, Dominion  
member for the Fraser Valley, when  
he said in the House of Commons  
that "every Oriental landing upon our  
shores should be shipped in bond to  
the Province of Ontario."

"I take it that he so suggested be-  
cause he wanted to give our fellow  
citizens in the Eastern Provinces a  
real appreciation of what the problem  
is to us who have to live with it,  
and bring them to some sympathy  
with the people in this Province."

Mr. Manson complimented Mr.  
Sloan on the fight he is putting up  
on this issue.  
"Long resident in the Province he  
has seen the menace grow year by  
year until to-day it is of a proportion  
that is absolutely dangerous, and if  
it is to be met it will develop upon  
every man in the public life of this  
Province, whether it be in Provincial  
or Dominion public life, to fight  
without ceasing," Mr. Manson went  
on.

Says Oriental Will Rise.  
"Let me say at the outset that we  
have no quarrel with the Oriental as  
such. I think everyone appreciates  
that the little Jap is entitled to a  
great deal of admiration for his  
steadiness, his thrift and his hard  
working qualities, and although we  
have perhaps not that same admiration  
for the clans of Chinese that  
comes to British Columbia, we are  
still compelled to admit that he is at  
least a hard worker."

"The standard of living of the  
Oriental is not our standard, but  
very much lower, but I am of opinion  
that in the process of time the Ori-  
ental in his new environment will rise  
in his standard of living even to  
our own people have risen from the much  
lower standards that prevailed in  
earlier times in the country of our  
origin."

Our objection to the Oriental can-  
not be truly founded on that aspect  
of the matter.

"We object to his standards of liv-  
ing which make it possible for him to  
live for less and work for less and

## SAYS PROGRESSIVES GAINING GROUND

Their Principles Clear, De-  
clares Robert Forke

First Speech Since He Was  
Chosen Leader

Brandon, Man., Nov. 15.—"We have  
stated our principles and are not go-  
ing to throw them down," declared  
Robert Forke, M. P., in his first pub-  
lic appearance in his new role as  
Parliamentary leader "of the Pro-  
gressive Party, addressing the Lit-  
tle Souris local branch of the United  
Farmers of Manitoba yesterday.

"We must carry our ideals and  
principles to a logical conclusion, and  
if ever called must not be afraid to  
take up the reins of government," he  
said. "This idea may not be such a  
dream as some seem to imagine; for  
the Progressive movement is rapidly  
gaining ground. It is beginning to  
be recognized that if we solve the  
rural problem all other problems will  
be solved."

For All Classes.  
Referring to the future, the new  
leader declared he believed the Pro-  
gressive movement was wider in ex-  
tent than generally acknowledged.  
It had a platform broad enough for  
all classes to stand on. He was most  
emphatic in his denial of any divi-  
sion in the party and said no other  
party was so solid or united as the  
Progressives.

Mr. Forke stated he expected  
united support in the House.

## GERMANS TO FORM NEW MINISTRY

Resignation of Wirth Cabinet  
Was Accepted

Cabinet of Non-Party Busi-  
ness Men Suggested

Berlin, Nov. 15.—Several so-  
lutions of the crisis following  
the resignation of the Wirth  
Ministry have been suggested.  
One is that a Cabinet of business  
men without party affiliations  
be formed, while another proba-  
bility concerns itself with a  
Ministry composed only of mem-  
bers of the Bourgeois Party. It  
is also uncertain whether Wirth  
will again be commissioned to con-  
stitute a Ministry but his further  
availability as Chancellor is strongly  
doubted by a large section of the  
press, as well as by many Reichstag  
leaders.

Among the solutions suggested this  
morning, the proposition for a Cab-  
inet of non-partisan experts seemed  
most favored.

When accepting the resignation of  
the Cabinet last evening, President  
Ebert requested the Wirth Govern-  
ment to carry on until a new Min-  
istry could be formed.

No Coalition.  
Berlin, Nov. 15.—The German Cab-  
inet headed by Chancellor Wirth has  
fallen.

The ministerial resignations, filed  
last night, were precipitated by the  
decision of the United Socialists not  
to participate in a coalition Ministry  
which included members of the Ger-  
man People's Party. But the friends  
of Chancellor Wirth were not un-  
aware of the feeling that he had out-  
lived his usefulness and now has be-  
come a victim of a policy of indecis-  
ion and inactivity which found its  
culmination in the Government's fail-  
ure to make a practical arrangement  
with the Allied Reparations Commis-  
sion during the course of its recent  
visit to Berlin.

Ever since the assassination of For-  
eign Minister Rathenau, the Chan-  
cellor has been described as a man  
who apparently possessed no in-  
spiration, no initiative. This attitude  
gave added weight to the assertion  
that the late Foreign Minister was  
Wirth's inspiration and the force  
which urged him on.

Lost Influence.  
With the passing of Dr. Rathenau,  
the Chancellor visibly lost influence  
with his Cabinet colleagues. As a re-  
sult the support given his "policy of  
fulfillment" diminished day by day.  
He admitted the collapse of this  
policy last Summer when he an-  
nounced that the Government's slogan  
had become: "Bread first, then re-  
parations." (Concluded on page 4.)

## START DRIVE ON BUSINESS SECTION

Charity Campaign in Resi-  
dential Districts Com-  
pleted To-day

Community Chest collectors who  
are endeavoring to raise a fund of  
\$48,000 for the charities of Victoria  
cleaned up their campaign in the  
residential districts of the city to-day  
and prepared to launch an intensive  
drive on the business section early  
tomorrow morning.

Money is expected to pour into the  
Community Chest when the cam-  
paign reaches the business section to-  
morrow, for most business men in  
the city are generous in their contribu-  
tions to the money which they otherwise  
would have given to individual chari-  
ties. A big objective is set, but  
every cent is needed if the charitable  
organizations of the city are to ac-  
quire the funds necessary to continue  
their work, directors of the Commu-  
nity Chest drive declared after a meet-  
ing at their headquarters this morn-  
ing.

The directors to-day appealed to  
the people who are making donations  
to indicate on card provided for the  
purpose the charity to which they  
wish their money to be devoted. All  
money so allocated to that organization,  
even though the total exceeds the  
amount originally fixed.

Reports received by the directors  
from organizations which are relying  
on the Community Chest for funds in-  
dicate that every cent that can be col-  
lected will be needed to help the city's  
poor this winter and to carry on the  
efforts of organizations devoted to  
various excellent works.

## NEW SOUTH WALES WILL RECEIVE 6,000 SETTLERS

Sydney, Australia, Nov. 15.—  
(Canadian Press Cable via Reu-  
ters)—An agreement between the  
Commonwealth Government and the  
New South Wales Govern-  
ment providing for the settlement  
of 6,000 immigrants in the state  
at a cost of £6,000,000 has been  
signed by Premiers Hughes and  
Sir George Fuller.

## BRITAIN WILL OPPOSE CHIEF TURK DEMANDS AT PEACE CONFERENCE

London, Nov. 15.—The British Foreign Office, it was stated in  
an authoritative quarter to-day, has telegraphed to the French  
and Italian Governments a memorandum in which Great Britain  
declares that the main Turkish demands which are to come before  
the Near East Peace Conference at Lausanne are not regarded  
favorably by the British Government.

Great Britain stands by the agreements previously made with  
her Allies, according to the memorandum. She receives unfavor-  
ably the three main Turkish demands, namely, a plebiscite in  
Western Thrace, rectification of the Syrian frontier in favor of  
Turkey, and abolition of the capitulations.

## OPERATION ON RUDYARD KIPLING WAS SUCCESSFUL

London, Nov. 15.—Rudyard  
Kipling successfully underwent  
an operation to-day. This an-  
nouncement made this evening  
follows published statements that  
the noted author was ill in a  
private hospital, and that it might  
be necessary for him to undergo a  
somewhat serious operation.

## DEATHLIST IN CHILE WILL GROW

Expected There Will Be Addi-  
tions to List of 1,500

Marital Law Declared in Two  
Towns

Santiago, Chile, Nov. 15.—  
Scarcely a house remains stand-  
ing in the Valdivia valley, in  
Northern Chile, as the result of  
the earthquake and marine dis-  
turbances of last week. The full  
extent of the disaster, which  
centred in the Provinces of Ata-  
cama and Coquimbo, became  
more fully known to-day with  
the reopening of telegraphic com-  
munication with Northern Chile. In  
those two provinces the victims  
number 1,500 as far as is known,  
but it is expected the number of  
dead will be substantially increased  
when communications are resumed  
with many small villages in the in-  
terior whose fate remains unknown.  
Dispatches from La Serena told  
of serious damage which the earth-  
quakes inflicted upon the Topo-  
mines.

Marital Law.  
Marital law has been declared at  
Valdivia and in Copiapo, owing to  
looting by bandits.

Latest reports from the town of  
Valdivia state the number of killed  
and injured there at 1,300. It is be-  
lieved that the total killed and in-  
jured in the Valdivia valley will  
reach 1,500.

The area referred to forms a  
natural pocket where there was plenty  
of the right kind of food to attract  
rovers, caribou, goats, grizzly bears  
and many other animals, all of which  
were already known to exist there in  
large numbers. The lakes and  
streams are surrounded by moun-  
tains seven and eight thousand feet  
high.

Captain Barclay, president of the  
Cowichan Game Association, who had  
visited the country with Mr. Bab-  
cock, thought it was opposed by J. M.  
Yorston, member for Cariboo, who

Two Stores Being Built For C.  
J. Carey on View Street to  
Cost \$7,500

Preliminary work was started to-  
day on a new block of stores in the  
centre of the business section of the  
city.

The new building, which will cost  
\$7,500, is being erected for C. J.  
Carey, tea and coffee importer, on  
View Street above Douglas Street,  
immediately opposite to the new lo-  
cation of the Royal Dairy.

Knott & Jones, 1327 Pandora  
Avenue, who are the general con-  
tractors for the building, put the con-  
tract under way this afternoon and  
with the prevailing good weather ex-  
pect to make rapid progress on the  
structure.

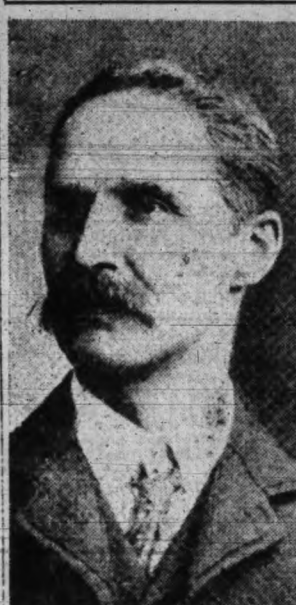

The new business premises will  
consist of two stores, one story high,  
and will be of brick and sandstone  
construction.

C. J. Carey, whose present busi-  
ness premises are located at 438  
View Street, expects to be installed  
in his new building early in the new  
year.

## SHIP ABANDONED IN ATLANTIC; CREW ON ANOTHER SHIP

Halifax, Nov. 15.—The Italian  
steamship Monte Grappa, previ-  
ously reported sinking, has been  
abandoned by her crew in mid-  
Atlantic, says a radio message  
from Cape Race received to-day  
by local agents. All are believed  
to have been safely transferred to  
the White Star liner Pittsburgh,  
which answered the Monte  
Grappa's distress signals.

## OLD COUNTRY VOTERS MARK THEIR BALLOTS IN COMMONS CONTEST

No Unusual Rush to Booths Up to Noon Though Elec-  
tion Agents Had Urged Early Voting; Rain In Sev-  
eral Country Districts; Line-up of Candidates.

London, Nov. 15.—Up to noon to-day there had been nothing  
unusual reported in the number of early voters exercising the  
franchise in the general election despite the earnest plea of the  
election agents that everybody turn out while the day was young.  
In the outlying districts the candidates provided conveyances to  
take the voters to the polls as soon as the voting places were open.

Bad weather caused anxiety to party agents. In some country  
districts the fog which had hung over England for several days  
had given way to rain.

Several blind men from St. Dunstan's Hostel who had votes in  
the metropolitan constituencies were conducted by guides to the  
polling places, where presiding officers marked their ballots.

The following analysis of the 1,357  
candidates was published by The  
London Times: Unionists, 444; Labor,  
408; Liberal, 339; National Liberal,  
138; Independent, 29; Independent  
Unionist, 11; Communists, 5; Co-

tionalist, 2; Independent Liberal, 1;

entist, 1; Sinn Fein, 1.

## QUICK ELECTION REPORTS ARRANGED

British Public Will Be Speedily  
Informed

Desire to Know Outcome Very  
Keen

London, Nov. 15.—If the general  
election itself has not greatly ex-  
cited the country there is almost un-  
precedented curiosity to know the  
results of the polling. Never before  
have such elaborate arrangements  
been made to give the public an early  
return to the results of the election.  
For instance, in London, suburban train services,  
buses, trams and tubes will be kept  
running at an unusual late hour for  
the convenience of citizens waiting  
up to learn the outcome, which will be  
flushed from the newspaper offices,  
big stores and other buildings by all  
kinds of devices, while some of the  
newspapers are arranging to tele-  
graph the results at intervals to their  
readers at small cost.

Party System as Groups

booths to-day is whether Great Bri-  
tain will return to the party system  
in politics or follow most of the Euro-  
pean countries in the adoption of a  
group system.

## DOCTORS CANNOT STEM CHIROPRACTIC TIDE; GOVERNMENT IS TOLD

Members of the B. C. Chiropractic Defence League, consisting of persons who have benefited from chiropractic treatment, appeared before Premier Oliver and members of the Cabinet to-day to urge the passing of the Neelands bill now before the Legislature to establish the rights of chiropractors to practise in British Columbia, and to have their own board of examiners free from members of the medical profession.

"I feel like crawling up the steps of the Parliament Buildings on my knees to beg the members to pass this bill so that suffering people may be aided and cured," said Mrs. F. Bullen, prominent in Victoria society.

"If the chiropractors are doing such dreadful work as the medical men say, the rooms of the medical men would be filled to overflowing," Mrs. Bullen said. "But as it is, it is the chiropractors' rooms that are filled with people waiting for treatment."

### No Official Pressure.

Premier Oliver explained that the chiropractic bill is not a Government measure, and every member of the House will be free to vote on it as he pleases.

He said that the chiropractors had ignored the legislation passed last year giving them the right to be examined by a medical board with one chiropractor on it, and that nothing had been brought before the House to show that that legislation was wrong. He explained that it was largely a matter involving a knowledge of the structure of the human body. He added that he was not going to pass an opinion on the merits of the proposed legislation, pointing out that doctors were organizing to tell the Government why it should not be passed.

"We are not attacking anybody," said the Rev. William Stevenson, head of the delegation of 40. "We are only asking the Government to give the people the right to consult chiropractors if they wish to do so. The demands made by the chiropractors are reasonable and we are only fighting for the rights of the people."

### "Case Practically Won."

Mr. Stevenson declared that when men were willing to suffer and go to jail as the chiropractors had "their case is practically won."

"It is impossible to stem the tide of feeling for the demands made by thousands of people in favor of chiropractic," he added.

### Growth On Mainland.

R. Burns, of Vancouver, representing the Mainland League, and vice-president, said that already the league had 1,000 members, contributing money to fight the cause and new members are joining all the time. The petitions to be presented to the Legislature had been signed by 11,000 persons, which number would be increased to 20,000 when outside returns came in. "It will startle the members of the House when they see the petitions, which will show the force of public opinion behind the move," he went on. "Even 170 policemen of

## MERVILLE NEEDS AID TO PUT MEN ON THEIR FEET

Merville settlers appeared before the Executive Council to-day and asked that "something definite be done at Merville to put the settlers there on their feet so that they can look after themselves and be relieved from the government sucking bottle."

The settlers, after going into the history of the Merville settlement proposed:

1. That a deed be given for each block of land and a mortgage be taken by the government, payments to be made over a term of thirty years with interest at six per cent., such payments of principal and interest to be amortized in twenty-five annual payments, the first of such payments to be due five years from the delivery of the farm to the settler.

2. That all places be valued by three competent farmers of the Comox Valley, one to be picked by the Merville community Association, one by the government and the third by the other two, such valuation to be final.

3. That each person who has taken up unimproved farms be granted a loan up to \$1,000 for buildings, and \$1,000 for clearing so soon as he can prove to the valuers that he has done improved work on that value.

4. That each settler be entitled to a loan of \$500 for stock, extended over twenty years the government to hold a chattel mortgage.

5. No loan to be granted under clauses three and four unless approved by the valuers.

6. Any settler who has an improved farm to be entitled to a loan not exceeding the amount specified in clauses three and four providing he had not already received the same.

Premier Oliver promised that the settlers' representations would receive full consideration.

The delegation, which met the Cabinet consisted of: C. H. Piggett, R. Reekie, J. S. Crockett, R. U. Hurford, P. L. Anderson and A. Cleland.

## CONSTITUTIONAL POINT IS RAISED

Before Mr. Justice D. A. McDonald in Supreme Court Chambers to-day H. A. Maclean, K.C., made application on behalf of the Dominion authorities for a warrant of possession under the Expropriation Act to the lands of Roland Stewart, the site of the proposed winter resort on the Banff-Windermere Road, sixty miles from Banff.

W. J. Taylor, K.C., appeared on behalf of the defendant to oppose the application. The land was required for a national park, stated Mr. Maclean. Mr. Taylor contended that no appropriation had been made for the purchase of the land, that the Dominion authorities were seeking a paper application, that the Act, and that the application was against the terms of the British North America Act in that it would infringe upon the private property right of an individual if such an order were made. If the Federal Government had this power under the Expropriation Act, they could step and seize the Provincial Parliament Buildings in a like manner if it so wished, contended Mr. Taylor, who asked for a refusal of the motion.

Mr. Justice McDonald directed that the motion would be adjourned to be spoken to at a later date and that the Federal Minister of Justice and the Provincial Attorney-General's Department be acquainted of the action, and the fact that the constitutional question had been raised in connection with the B.N.A. Act.

## B. C. INDUSTRIAL LEADERS LAUNCH FIGHT ON BURDE'S EIGHT-HOUR-DAY BILL

Fifty representatives of industry in B. C. waited upon Attorney-General Manson this morning, and later Premier Oliver and the Executive Council, to protest against the passing of the Major Burde's Eight-Hour Bill and amendments to the Workmen's Compensation Act.

F. W. Burke explained that last year it was necessary to protest against this proposed measure, and the situation was even more acute now. The chief objection to the bill, he said, was that industry in this Province would be severely handicapped through unequal competition with other provinces, states and countries.

He spoke of the efforts the Government made during the past year in assisting industry through securing lower freight rates and equalizing taxation and requested that the Government take no action in shortening the hours of labor at this time.

Mr. Burke pointed out that there were only limited markets in the Province for B. C. produce, and that it was necessary to build up foreign trade. Shorter hours of labor would materially affect the situation since other countries were not limiting the hours of workmen and therefore their products were produced cheaper and in greater abundance.

He said that the delegation did not wish to argue the principle of an eight-hour day, but the time had not arrived for B. C. to show the way for the rest of the world. The Province was altogether too young, he declared.

Others in the delegation explained that at present many saw-mills were working nine hours a day for five days and five hours on Saturday. This meant a 50-hour week, which was close to the 48-hour week the Burde bill proposed.

Representatives of the lumbering industry said it would be impossible to prepare shipments of lumber for ocean-going vessels and load them if the bill were passed. The men were not complaining, and in most instances were only too glad to get the extra work. It was contended that in many instances mills were only operated for the benefit of the employees, that the owners were only too glad to break even, and in many instances did not.

J. B. Thomson said that other hands the fate of the bill rested

For the last two weeks he was in a state of lethargy and passed away in sleep.

He is survived by his widow, there being no children.

### BREWERIES SUPPLYING BOOTLEGGING BEER, JOHNSON CHARGES

The probing of the Public Accounts Committee of the Legislature into liquor affairs to-day developed into a sort of general inquiry into the administration of the Liquor Control Board.

R. D. McFarlane, chief accountant; Commissioner A. M. Johnson, chairman of the Board, and James Paterson, purchasing agent, and other members of the auditing and accounting staffs, were called by Government members of the committee and questioned by Mr. Bowser and his Opposition aides.

In themselves calling the liquor officials, the Government members consider that they turned the tables on Mr. Bowser and his supporters who, they said, had stated that their inquiry into liquor Board affairs would lead to startling revelations. They said they were anxious to have the fullest possible investigation.

Chairman Johnson was not long in launching into an attack on the breweries, declaring that the breweries were not treating fairly with the Board.

There has been nothing but a continuous howl from the breweries in this respect," Mr. Johnson said when the question was brought up of complaints that some of the vendors were discriminating against them.

#### Christmas Presents

Mr. Johnson declared that purchases were made from all breweries operating in the Province and the Board made no discrimination.

As for Christmas presents from brewers to employees of the Liquor Board, Mr. Johnson said that the Board had heard that last year some of the breweries sent beer to employees, but steps were taken immediately to stop such practices when the Board learned of them.

"We have five checks on all liquors leaving our warehouses," Mr. Johnson explained. "We have an elaborate checking system in which it is almost impossible for anything to go astray, but it is different with the check from the breweries."

It was then that he said that the breweries were not dealing fairly with the Board.

"We found that they sold beer at all hours that was not ordered by the Board," Mr. Johnson went on. "They did not play the game with us at all. We closed the various brewery agencies throughout the Province when we found that they were selling beer under guise of beer for export which was really being bootlegged."

In connection with the club situation in Vancouver, he said that there was no doubt that clubs were getting beer from breweries illegally.

#### A Difficult Problem

"We know that they had it and that they did not get it from the stores," he said. "They are now getting it on individual permits from the Government stores and having it delivered to various addresses. It is no easy matter to control the breweries and the sale of beer."

Mr. Bowser asked about five cases of liquor said to have left the Main Street Vancouver store after hours. It was explained that this was liquor ordered by the Vancouver Club members for entertainment of visiting naval officers of the United States fleet.

Taking up the question of breakages which had been specifically mentioned by W. L. Bowser at the House, Mr. McFarlane stated that at selling prices these amounted to \$12,351, but at actual cost price to \$3,442. Of this latter amount the Board had a claim against transportation companies for \$4,253 for breakages in transit, which reduced the actual breakages for the year to

\$4,392, which was distributed over the various stores in the Province.

#### "Poor Glass"

Mr. Johnson supplemented the statements of his accountant by explaining that poor glass and high pressure of the spirits were responsible for many of these breakages.

"Yes," said the member for Atlin. "I bought a bottle the other day, the remainder of the sentence being drowned in the laughter from other members of the committee."

Vendors' shortages for that period amounted to \$2,531 on selling price, and \$1,732 on cost price, and of this amount over \$700 was charged up to vendors personally by the board after they had not been satisfied with the explanations regarding them. He stated that auditors visited the stores on an average of once every six weeks, and that the vendors had no knowledge of the time they would arrive.

Burglary and theft accounted for the loss of liquor valued at \$3,353 during the year, but the monies recovered from insurance companies in this respect left a balance of only \$1,583. The highest loss was at Grand Forks where in a burglary and holdup about \$2,900 was lost.

Dealing with the methods of investigating losses both Mr. Johnson and Mr. McFarlane told the committee that an explanation of any discrepancies was always asked for, followed by an investigation, and that if the examination and investigation showed that reasonable care and precaution had not been taken, the vendor was charged with sixty per cent of the loss at selling price.

The question of A. K. Levan, of the Pender Street, Vancouver, store, was brought up, and it was explained that the board had not considered him personally responsible for any shortages, although they thought the methods followed in the store resulted in shortages in April last. As a result he was dismissed, but after consulting with the Attorney-General they had reinstated him.

"Since that time his store is one of the best run stores we have in the Province, and there has not been one cent short," said Mr. McFarlane. Chairman Johnson stated that there were absolutely no complaints against Levan personally.

The suspension of the whole of the Main Street store staff was also probed, the chairman stating that in this instance it had been impossible to place the blame.

## DOMINION

A pretty eighteen-year-old miss who was one of the extras in the theatre scenes in Mae Murray's "Broadway Rose," now at the Dominion Theatre, came to Robert Z. Leonard, Miss Murray's director, and asked him whether there wasn't a

small part—an emotional one preferred—that she could play. Mr. Leonard admired the girl's pluck, and decided he'd give her a chance. He directed the orchestra to play something especially sad, and told the girl that he wanted her to register intense grief at her lover's leaving. The girl was so excited that she was utterly unable to act. Not a single tear could she coax forth. But Mr. Leonard was patient. "That's all right," he said. "Keep right at it. The first fifty tears are the hardest."

star, in the days of grandmother and grandfather, and who to-day presents the appearance of a young woman, despite the fact that she is really 61 years of age. At each performance she will tell how it is done and is being maintained. Her face was operated on, virtually having been lifted by what is known as plastic surgery. On Saturday afternoon at 1 p.m. she will give a special matinee for women only.

Every human emotion is pictured by Dorothy Phillips in her starring role in "Hurricane's Gal," the Allen Holubar-First National production which is the attraction at the Royal Victoria Theatre this week. Miss Phillips is first shown as an untamed girl of the sea, who roams about with a rag doll, a monkey and a goat as her principal companions, and ruling her ship with a ferocity that is softened by good humor. Later we see her as a regenerated being, established in her mansion in San Francisco. Robert Ellis, former director of motion pictures, appears as Miss Phillips' leading man. In the cast are also Wallace Beery, Gertrude Astor, James O. Barrow, William Fong, Jack Donovan and Frances Raymond.

## BALKAN PRINCESS TO OPEN TO-NIGHT

Playhouse Show No. 8 Has Notable Offering

The features of Playhouse Show number eight, which opens this evening at the popular Yates Street Theatre, is a potted version of the phenomenal London success, "The Balkan Princess" (Paul Rubens) which enjoyed almost a record run at the Apollo Theatre just prior to the outbreak of the great war. The melodies will no doubt be familiar to many Victorians, who will doubtless be glad of the opportunity to enjoy them again. The play is rich also in comedy of a high order, and the costume and scenic effects are of an excellence seldom seen outside of the big theatres. The play opens in a village on the outskirts of Balaris, where the reigning Princess Stephanie, a part delightfully played by Miss Eva Hale, is spending a brief holiday incognito. The village is visited by Prince Boris of Matavia, in the disguise of an artist, and the meeting of these two scions ends in their falling in love. The fact that they have been betrothed through the usual diplomatic channels, though quite unacquainted with one another, lends piquancy to the ensuing situations. The part of Boris is in the very capable hands of Maris Hale, whose reappearance on the local boards will be welcomed as the musical numbers allotted to him give him ample scope for the display of his magnificent baritone voice. Playhouse show number eight can be highly recommended as a show of a very high order and bound to please. It will open to-night, and continuing for the balance of the week. Reserved seats may be booked now at the box office.

## CAPITOL

A considerate young woman nearly caused Leatrice Joy's death by drowning! Residents of Southern California have become so used to seeing film folk in dangerous situations while the camera turned in the background that they have long since ceased to be stirred, nor do they volunteer assistance for fear of ruining a scene.

Recently, Leatrice Joy was returning with Thomas Meighan from a location on an island off the coast of California, where scenes of Mr. Meighan's latest Paramount picture, "The Man Who Saw To-morrow," now playing at the Capitol Theatre, were taken under Alfred E. Green's direction. The party was traveling on a speedy power boat.

As the craft reached the island harbor, the pilot made a quick swerve while traveling at the rate of forty miles an hour. Miss Joy, who was standing in the bow of the boat, fell overboard. In another boat near the scene of the accident was a girl spectator who seized a life preserver but neglected to throw it. Miss Joy came to the surface struggling wildly against the handicap of her heavy clothing. Still the girl continued to hold the life preserver.

Meanwhile, Thomas Meighan had leaped into the water and was swimming to Miss Joy's assistance. Mr. Meighan shouted to the girl to throw the preserver. She complied and Miss Joy grasped it as she was sinking for the third time. Mr. Meighan reached and succeeded in keeping her afloat until a boat reached them. When questioned later, the girl explained:

"I thought it was a scene from a picture. I supposed that the camera was mounted on the motor boat. And I didn't want to spoil the picture!"

Just another version of the wolf story brought down to date and motion pictures!

## VALENTINO WILL APPEAR AT DOMINION MONDAY AS RAJAH

Next week's attraction at the Dominion should prove a delight and a surprise for Rudolph Valentino fans, where he is announced to appear in his forthcoming production, "The Young Rajah." It is a far bigger picture than "The Sheik," and is just the type of production suited to Valentino's abilities. You've seen him as the hot-blooded Arabian, as the gallant and dashing torador of sunny Spain. Now—he's even more fascinating as the young East Indian, brought up in America in ignorance of his real parentage. It is a powerful story of two continents, in strong contrast. "The Young Rajah" will play at the Dominion Theatre all next week, commencing on Monday.

## "THREE MUSKETEERS" AT THE CAPITOL ALL NEXT WEEK

be delighted to see their hero, D'Artagnan, match wits with the cunning Richelieu and crush through the Cardinal's seemingly insurmountable barriers. The intrigues of a monarchy are laid bare in this thrilling tale.

For those who have never read "The Three Musketeers," this photoplay will have a great appeal, because it is a perfect plot, standing on the firm foundation of drama and comedy based on fact. It is a play in which the expected never happens. Kings and queens and royal personages are given human attributes that will long endear them to the heart of those who see the picture. The dominating impression is that the thing is real.

The lavish presentation which the Capitol Theatre will give this photoplay will add much to its charm.

### SAANICH BRANCH OF VICTORIAN ORDER OCTOBER REPORT

Useful Work Being Done at Health Centre

The work of the Saanich branch of the Victorian Order of Nurses during the month of October was outlined to the regular monthly meeting of the Board of Management last evening in the Municipal Hall, Royal Oak, in the report presented by the nursing superintendent, Mrs. C. A. Lucas. The following statistics and facts were given:

Nursing cases carried from September, 7; new cases, 50; babies born, 6; Metropolitan nursing visits, 90; other nursing visits, 139; infant weight, 6; social service, 15; schools visited by school nurse, 17; pupils inspected by superintendent, 7; pupils inspected by school nurse, 1,476; hours spent by the nurse in school, 28; new physical defects found in children, 134; old defects found in children, 46; old defects not improved, 123; children excluded, 4; referred for dental and other treatment to centre, 30; home school visits, 23; other visits in connection with the children, 46; referred to family physician, 8; school talks given, 51; pupils weighed and measured, 768; weight tags given to children, 765; Little Mothers' League classes, 9; home nursing and hygiene classes for women, 11; various meetings addressed, 4.

Operations, minor, 4; well baby clinics, one of these held at Garden City, 3; out patients treated for cuts, etc., 3; resident patients, discharged, 3.

One of the patients discharged was a boy admitted to the centre suffering from malnutrition, being 10 pounds under weight. When discharged he had gained eleven and a half pounds in four weeks.

**School Pupils.**  
 The weighing and measuring of the children in the schools was started on October 16, and a sheet was being placed in each classroom, upon which is recorded the weight and measurement of each child during this first month. Each following month of the school year, the pupils will be encouraged to record their own weight under the supervision of the school nurse. New pupils will be weighed and measured upon entrance. The measurement will be taken once during the school year, and a weight tag is given to each child to take home. On this is recorded the weight of the child found at the time of the measurement. Attractive health posters have been placed in all the primary school classrooms in order to help the children understand what the nurse is trying to convey to them in her health talks, and also that they may understand the common rules of the importance of the "Health Game."

The Board of Management, and staff of the Health Centre gratefully acknowledge the following donations: Rev. A. J. Nixon, fruit and vegetables from the Harvest Festival; J. G. King, fruit and eggs; Onda City Women's Institute, baby basket and accessories; Miss Ondafield, complete baby-layette, milk, flowers and confectionery; Mrs. Cummings, clothes; Mrs. Stuart, hot water bottle bags. The Centre voices an appeal for old linen.

**COLORED WOMEN BAND TOGETHER TO PROTEST LYNCHINGS**  
 New York, Nov. 14.—The mob is no respecter of sex is the contention of the Anti-Lynching Crusaders, a newly formed organization composed of negro women representing nearly every State in the Union, which has made public statistics citing that since 1899 eighty-three women are known to have been lynched in the United States, seventeen of whom were white.

"A million women united to suppress lynching" is the slogan adopted by the Anti-Lynching Crusaders, who will stage a vigorous national campaign urging United action for the suppression of mob law. White women throughout the country are being asked to co-operate in the movement. Mary B. Talbert has been elected national director with headquarters at No. 521 Michigan Avenue, Buffalo, and Mary E. Jackson, No. 351 Willard Avenue, Providence, is national organizer. Helen Curtis, widow of a former United States Minister to Liberia, is director for New York State.

In concluding its argument against lynching, the Anti-Lynching Crusaders comment:

In the five-year period from 1914 through 1918, 284 negroes were lynched in the United States, most counting those killed in the East St. Louis riots. Of the 264 cases, rape was the alleged cause in only twenty-eight cases. On the other hand, in the single year of 1917 in New York County—one of the five counties forming the city of Greater New York—230 persons were indicted for rape, of whom thirty-seven were indicted for rape in the first degree.

Thus it may be seen that in one county alone nine more persons were indicted before courts for rape in the first degree than there were lynchings of negroes for rape in the whole country during five years. And in the case of the negroes there was only accusation and no proof. Among the thirty-seven persons mentioned above there was not a single negro.

## YOUR HOME AND YOUR BED-TIME

By HELEN KENDALL

Practically every mother knows by experience the nightly struggle when bedtime comes.

"I don't want to go to bed," wails the youngster. "Oh, please let me stay up just a little while longer!"

The trouble is, I suppose, that we do not make bed-going an alluring or desirable thing in any way.

Ourself does not go to bed until we want to go, and we would resent it hugely if we were packed off in the midst of an enjoyable evening, whether we were sleepy or not, and made to lie down and close our eyes. Why should we expect children to obey cheerfully the parental behest to "go to bed, and go to sleep, and don't let me hear another word from you about it!" Of course they need to go to bed, and will generally fall asleep as soon as their heads touch the pillow, whether they think they are sleepy

Institute Opposes Proposed Amendments to Minimum Wage Act

Many matters of community interest were considered at the general monthly meeting of the Esquimalt Women's Institute which met in the Parish Room yesterday with Mrs. Ricketts presiding. The members passed a resolution protesting against the proposed amendments to the Minimum Wage Act submitted by the Canadian Manufacturers' Association, on the grounds that the proposed changes would not be in the best interests of the workers, the resolution to be forwarded to the local member in the Legislature.

Miss Douglas Crompton, Captain of the Esquimalt Girl Guides, formed the meeting of the forthcoming concert to provide funds for the purchase of uniforms, and the members promised their support and also voiced their pleasure at the part played by the Esquimalt Girl Guides in the Armistice Day celebrations.

Mrs. H. Clark, delegate to the Central W. I. Committee, announced that the Victoria Institute Centre is forming classes in public speaking and parliamentary procedure, to which members of the Institutes are invited. Mrs. R. P. Matheson as member of the newly-elected Board of Directors of the Island District Institute, announced a silver tea at the Victoria W. I. Rooms when the directors will be hostesses to members of the Institutes.

As official delegate to the recent conference Mrs. Matheson gave her report dealing principally with Institute work and method, brief reports being also given by Mrs. Ricketts, Mrs. Campbell and Mrs. Rogers, all of whom were cordially thanked by the meeting.

As the next meeting of the Institute on December 12 will be the annual general meeting, nominations for officers were called for. Mrs. Ricketts having announced that she would not take office next year, and Mrs. Matheson also resigning the office of secretary. Nominations resulted as follows: President, Mrs. Matheson, Mrs. Palmer and Mrs. Rogers; vice-president, Mrs. McQuarrie and Mrs. Jacklin. Other nominations will be received and balloting will take place at the next meeting.

Father and mother were discussing the costumes they were to wear at a fancy dress ball. Joan, aged seven, was an interested listener.

"Mother," she said, "can I go as a milkmaid?"

"No, dear, you're too small."

"But, Mummy," pleaded Joan, "I could go as a condensed milkmaid."

"Just as apple sauce naturally goes with roast pork, I am better for a few drops of Lea & Perrins."

THE thin rich sauce, made by Lea & Perrins, not only enhances the flavor, but softens the fibres of meats and makes the juices delicious.

Careful housewives buy Lea & Perrins exclusively because they find it lasts the longest and is a symbol of quality on the table. Always ask for Lea & Perrins Sauce by name if you want the original and genuine Worcestershire.

BY A. S. M. HUTCHINSON

Twynning, inarticulate, pushed up his hand and felt for Sabre's hand and clutched it and squeezed it convulsively.

Sabre said again, "There, there, Twynning. Hard. Hard. Fine death. Brave boy." He disengaged his hand and turned and walked very slowly from the room.

He went along the passage, past Mrs. Fortune's door towards that which had been his own, still walking very slowly and with his hand against the wall to steady himself. He felt deathly ill.

He went into his own room, unentered by him for many months, now his own room no more, and dropped heavily into the familiar chair at the familiar desk. He put his arms out along the desk and laid his head upon them. Oh, cumulative touch! He began to be shaken with onsets of emotion, as with sob. Oh, cumulative touch!

The communicating door opened and Mr. Fortune appeared. He stared at Sabre in astounded indignation. "Sabre! You here! I must say—I must admit—"

Sabre clutched up his dry and terrible sobbing. He turned swiftly to Mr. Fortune and put his hands on the arms of the chair to steady himself. A curious look came upon his face. He said, "I say, I'm sorry. I'm sorry. I—I can't get up."

Mr. Fortune boomed, "Can't get up?"

"I say—No. I say, I think something's happened to me. I can't get up."

The door opened. Hapgood came in, and Nona.

Sabre said, "I say, Hapgood—Nona! Nona! I say, Nona, I think something's happened to me. I can't get up."

A change came over his face. He collapsed back in the chair.

"Marko! Marko!"

Sabre thus cried ran forward and threw himself on her knees beside him, her hands stretched up to him.

Hapgood turned furiously on Mr. Fortune. "Go for a doctor! Go like hell! Sabre! Sabre, old man!"

"Hemorrhage on the brain," said the doctor.

"Trouble," said Hapgood. "You quite understand me, I say if there isn't trouble, any kind of strain?"

"Strain," said Hapgood. "Strain. He's been in hell—right in."

When he was removed and they had left him, Nona said to Hapgood as they came down the steps of the County Hospital, "There was a thing he was so fond of, Mr. Hapgood:—"

O Wind.

If Winter comes, can Spring be far behind?

"It comes to me now. There must be a turning now. If he dies—still, a turning."

Hapgood across the coffee cups, the liqueur glasses and the cigarettes, wagged a solemn head at that friend of his, newly returned from a long visit to America. He wagged a solemn head.

"She's got her divorce, that wife of his."

"What? Well, man alive, where do you expect me to begin? You insinuate yourself into a Government commission to go to America to lecture with your 'Sketchbook on the Western Front' and I write you about six letters to every one I get out of you, and you come back and expect me to give you a complete social and political and military record of everything that's happened in your absence. Can't you read?"

"Well, have it your own way. I've told you in my letters how I went on after that collapse, that brain hemorrhage. I told you we got Ormond-Clive on to him. I told you we got him up here eventually to Clive's nursing home in Wreck Place. Clive was a friend of that Lady Tybar. She was with Sabre all the time he was in Queer Street—and it

and the harvest sunsets will not wait for men; children can be utilized at an early age, and so the cultivator class is generally a poorly educated, close-tolling class, superstitious by reason of ignorance and the uncertainty of the seasons, ill-informed and easily put upon. It is capable at times of great passive resistance, but it has no purpose in its round but crops and crops, to keep out of debt and hoard against bad times. So it has remained to our own days over the greater part of Europe and Asia.

At first this was probably in part a town slave class, in part it consisted of peasants who had specialized upon a craft. captain and lay controller of affairs, and in Egypt a god-man, who had released himself from the control of his priests. About the monarch were accumulated his scribes, counselors, record keepers, agents, captains and guards. Many of his officials, particularly his provincial officials, had great subordinate establishments, and were constantly tending to become independent. The nobility of the old river valley civilizations arose out of the court system. It was, therefore, a different thing in its origin from the nobility of the early Aryans, which was a republican nobility of elders and leading men.

The Base of the Pyramid. (2) At the base of the social pyramid was the large and most necessary class in the community, the tillers of the soil. Their status varied from age to age, and in different lands; they were free peasants paying taxes, or serfs of the god, or serfs or tenants of king or noble, or of a private owner, paying him a rent; in most cases tax or rent was paid in produce. In the states of the river valleys they were high cultivators, cultivating comparatively small holdings; they lived together, for safety in villages, and had a common interest in maintaining their irrigation channels and a sense of community in their village life.

## ALADDIN'S LAMP WORKED WONDERS

### Peerless Beauty Clay Will Perform a Mysterious Transformation

Aladdin performed wonderful things with his magic lamp, in those days when fairies reigned supreme and marvellous things were always happening. Every feminine heart remembers those girlhood days—days which sometimes seemed to slip by like enchanted moments. Days when the elf and sprites made fairy rings on the grass and everything was mysterious—dear past days when make-believes were true.

To-day we women of maturer years, do not live enchanted lives, but we do sometimes, even the most material of us, like to look back upon all those very youthful beliefs. The magic lamp of Aladdin performed no more complete changes than Peerless Beauty Clay—when diligently applied, it will restore youthful glow and beauty to cheeks which have become sagged and bleached. It will lighten the way to charm and grace, because it will bring with it all those qualifications which call for admiration.

The new beauty clay is a product of the hills of Mexico, discovered by Senor Fernandez while he was making a pilgrimage to the home of his forefathers. Quite by accident he found a beautiful senorita treating her face with a pure white clay—he investigated, with the result that to-day every woman of this continent may secure the time old secret of the South, and gain a skin which is a joy forever.

Like Aladdin, he has lighted the way to beauty. All women long for beauty, but have not always known how it could be acquired after the ravages of time had completed their task and taken away youthful glow from the cheeks. This glow will return as by magic to all users of Peerless Beauty Clay, the beauty which the Creator endowed woman is often just hidden with blemishes, which will truly vanish and leave behind a mysterious beauty, lasting and delightful to behold. Eleven and a half days, three hours and ten minutes is the new record attained by the British mail which left England on November 3, at 6:20 p.m., and arrived here this morning at 5:30 o'clock.

The mail comprises ten bags of letters and eleven bags of papers. The record set in this last consignment of mail brings back memories of pre-war days to the local postmaster, who states that it was nothing unusual in those days to have mails crossing the Atlantic and the continent in twelve or thirteen days. But this is a record trip and the fast time that the Aquitania made assisted greatly in the speedy delivery.

Two intermediate teams have been entered in the league this year, and both teams are hard at practice. Badmington games are in progress almost every night and much fun and enjoyment is obtained from it.

## LECTURES ON LIFE OF MENDELSSOHN

An enthusiastic and appreciative audience attended the Emmanuel Baptist Church last evening to hear the Mendelssohn lecture given by Edward Parsons, organist of the Metropolitan Methodist Church.

It was an intensely interesting lecture, giving a graphic description of the wonderful life of the great master musician of his day. Mr. Parsons interspersed his lecture with three organ solos, opening the programme with the "War March of the Peace." His rendering of the "Andante" from the violin concerto was very much enjoyed by the audience.

Mrs. Parsons gave a very beautiful rendering of "The First Violin" and "I Will Sing of Thy Mercies" from the

oratorio St. Paul, which was well received. The choir, under the leadership of Mr. Fred Parfitt, gave three numbers; namely, "On the Sea," "Departure" and "I Waited for the Lord."

The first two were sung unaccompanied. The rendering of "Departure" was very beautiful, being well-balanced and giving good effects in the tone shading. "I Waited for the Lord" was well rendered, the obligato movement being sung by Mrs. Mark Parfitt and Miss Violet Parfitt, first and second soprano, respectively, the former the possessor of a beautiful clear voice being in fine form and giving a very nice rendering of her part.

Rev. Wm. Stevenson was the chairman for the evening. At the conclusion of the lecture Mayor Marchant expressed his deep appreciation and moved a hearty vote of thanks to the lecturer, which was seconded by James Parfitt.

## Expect Whirlwind Match In Seattle

Lester Patrick Leads His Merry Battlers to Sound Metropolis For Opening Game To-night; Both Teams Are Fast and Will Provide Great Scrap; Mets Are Favorites But Locals Are On Edge and Expect to Make Fine Showing

Lester Patrick and his band of merry puckchasers toddled off to Seattle this morning, using the G. T. P. steamer Prince Rupert as their means of transport. To-night the boys are billed for their initial engagement of the season. They will stack up against the high-powered Mets, which Pious Pete Muldoon seems to have gingered up so that it will take something like the China Wall to stop them.

It is impossible to say what will happen to-night. The Vics are not making any predictions as to what will happen. They are hoping that they will be able to get the Mets' number, but at the same time they realize that they are running into a pretty slick machine that may cut them to pieces.

**Mets Away Nicely.**  
The Mets got away on the right foot in Vancouver on Monday night and chased the Maroons for an awful looking score. The Mets were going in mid-season form and they looked all the better because they were opposed by a very weak team. The Maroons were very shaky. Mickey MacKay is a forward and his fragile body meant nothing to such vigorous players as Riley Foyton, Rieky and Rowe. With Art Duncan back on the defence the opposing players are going to have a hard time. Art's two hundred pounds will make a wonderful difference to the Maroons and Hughie Lehman's return to the nets will also mean a great deal to the Vancouver defence. MacKay at centre will provide the punch for the forward line.

Victoria, however, is much stronger than the Maroons were on the opening night. Their attack will constitute a much greater problem for Rowe and Rieky to handle. Victoria will not put a green youngster on the line. Every forward will be a seasoned man, and according to the way the Vancouver newcomers handled themselves on Monday night the veterans have it on them forty ways.

**Jocko Is Seasoned.**  
Jocko Anderson is Victoria's new man this winter. But he has had plenty of experience and was the best wing man in the Western Canada Hockey League last year. He has been playing the game for several years.

Manager Patrick will toss two forward lines at the Seattle defence. His splendid array of substitutes gives him a chance to spell his regulars without weakening the attacking strength to any extent.  
Harry Meeking will start at left wing with Eddie Oatman at right and Frank Fredrickson in centre. When these boys have expended their energy—and this six-man game eats it up like a blotting pad sops up ink—Lester will turn loose his other string, Anderson, Dunderdale and Halderson. These boys will crowd the Mets. Most of the Victoria forwards are bears on back-checking, and if they can get the gaff they will wipe out the effectiveness of the Mets' scoring machine.

**Defence Under Fire**  
The Victoria defence will be under fire to-night. The two Loughlin boys backed up by Roy Foyton in the cage, must keep the Foyton crew in submission. Clem Loughlin is expected to be pretty safe on his side of the ice, but it remains to be seen whether Wilf will step into things and let the opposition know that he guards a certain part of the pond and that nobody can get inside it.

In the last few workouts the locals have been going great guns, and if they show the same form in the opener to-night the teams will be worth swimming the straits to see. The teams will line up as follows:

Victoria	Position	Seattle
Fowler	Goal	Holmes
C. Loughlin	Defence	Rieky
W. Loughlin	Defence	Rowe
Oatman	Forward	Foyton
Fredrickson	Forward	Foyton
Meeking	Forward	Rieky
Dunderdale	Substitute	Walker
Halderson	Substitute	Francis
Anderson	Substitute	Briden

### FIRST PLAYER MAKING TRIPLE PLAY LOSES IN GAME WITH POLICE

Washington, Nov. 15.—Paul A. Hines, "midfielder" for the Providence Baseball Club, of the old National League, in the seventies and for the Washington club in the early eighties, was arrested last night on a pickpocket charge. He is said to be the first major league player to make a triple play unassisted on May 3, 1878, when with the Providence club, and the record is declared to have been equalled only since in a major league game. He was released under bond of \$1,000.

According to the police Hines, who is sixty-nine years of age, when confronted with the charge broke down and said, "I have played my last game and lost."

### WITH THE BOWLERS

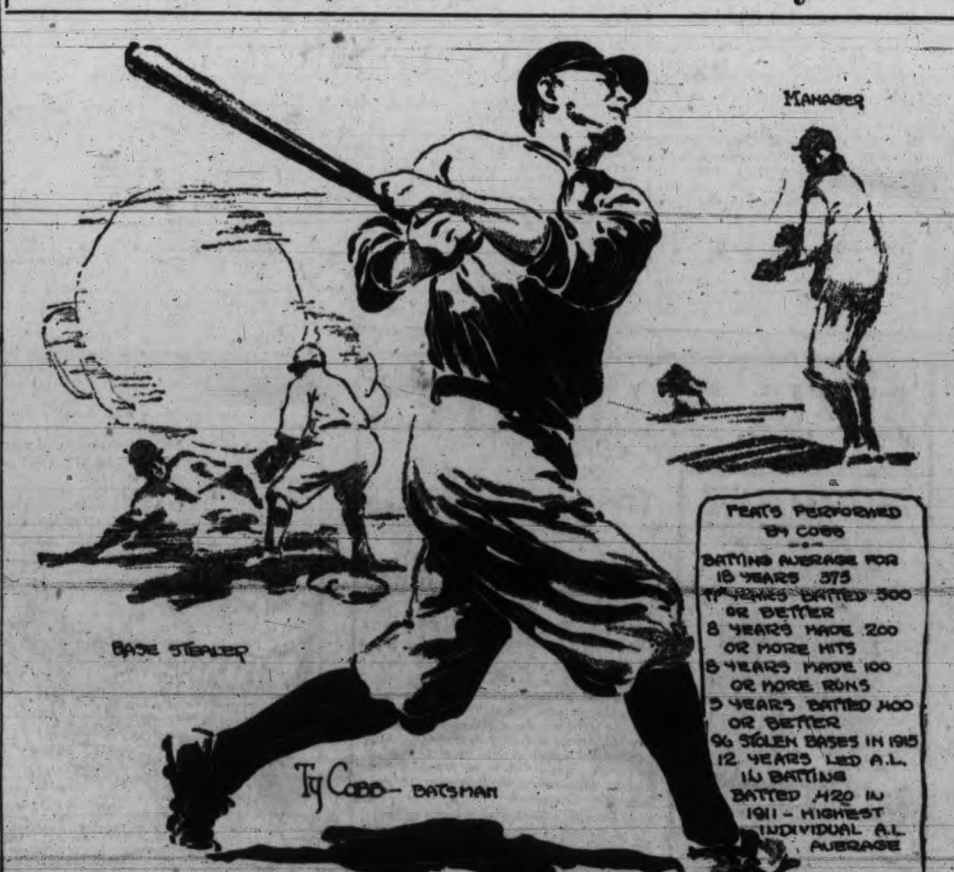

The breaks of the bowling game between the Arcades and the Eagles last night were with the former team, and they took two out of the three games, winning by 80 pins. Roy Wille was leader for the Arcades with a total of 508 pins, and P. Miller was high man for the Eagles with 517. To-night Stocker's Reliance and The Colonist teams meet.

New York, Nov. 15.—Willie Hoppe gave one of his most impressive exhibitions with the cue and ivory globes while engaged in defeating Edouard Moremans, the Belgian champion, last night, in the 18.3 balk line billiard championship tournament at the Hotel Pennsylvania.

Hoppe's employment of English, angles and speed so completely mastered Moremans as to leave him hopeless trailing after the early innings. Hoppe's average was 65.5-3, the best of the tournament so far, and his high runs 134, 99 and 97.

Moremans' average was 19.619 and his best runs 79, 62 and 35.

### Contin Wins Match.

Roger Conti champion of France, defeated Welker Cochrane, of the United States, 500 to 375 this afternoon in the second match of the international 18.3 balk billiard tournament at the Hotel Pennsylvania.

Conti, by a masterful display of close caroms, tallied 141 after Cochrane had moved into the lead. It was a remarkable piece of careful manipulation by the Frenchman. At the end he missed a short draw shot, seemingly due to fatigue and led, 431 to 297, at the end of the 18th inning.

### AMERICAN LEAGUE PLANS A BOYCOTT

Minor Leagues Which Refuse Draft May Be Left on Outside Looking In

New York, Nov. 15.—A proposal that the American League boycott the minor leagues which have held out against the draft will be made by Ban Johnson at the December meeting of the Junior circuit in New York, according to reports here to-day.

This, it was said, is the bomb which Mr. Johnson said recently, he intended to toss into the meeting. The draft question has been agitating baseball for the last two years. The five minors which are not bound by the draft agreement are: American Association, International League, Pacific Coast League, Southern Association and Eastern League.

## FIRST REP RUGBY GAME ON SATURDAY

Vancouver and Varsity Will Open McKeech Cup Series on Mainland

Vancouver, Nov. 15.—The Vancouver Representative Rugby team will play the University of B. C. McKeech Cup team at Brockton Point on Saturday afternoon.

Each team has already played one game this season, against the Edmonton visitors a week ago. Judging from the results of these games there should be a pretty tough fight on Saturday. The Varsity have a heavy pack of forwards who are dangerous in the loose. The halves will also stand watching and may be depended upon to keep the Vancouver halves busy. The three-quarters are fairly strong in defense and if they improve their passing they should give a good account of themselves.

### Vancouver Has Good Pack.

The Vancouver team has some good forwards to pick from and from the last display should have the better of the scrums. The three-quarters are fast while the halves should make a good match for the Varsity pair.

Unfortunately George Thom of the Rowing Club will not be sufficiently recovered to play and will, therefore, not be included in the team.

Col. Dick Bell-Irving will referee the game.

### Will Meet Wanderers in

Opening Match for Cowichan Trophy; Selection Committee to Meet to Pick Material for Rep. Team; Only One League Match on Saturday

Rugby enthusiasts will be able to glimpse their first inter-city match of the season on Saturday when the Cowichan Couriers journey down the Island Highway to take on the Wanderers at Oak Bay Park. This will be the first match in the knockout series for the Cowichan Trophy.

Arrangements for the game were completed at the regular weekly meeting of the Victoria Rugby Union held yesterday.

All the Victoria senior Rugby teams have entered for the competition with Cowichan being the only outside entry in at present. It is possible the Nanaimo may send their Hornets after the trophy.

### Fighting Strong Team.

The Wanderers are turning out a strong fifteen on Saturday and hope to survive the round. They will have the best lay-out that they have spread on a field this season.

Cowichan has a very slick fifteen and can be counted upon making the going very tough for the locals.

Owing to the Wanderers being engaged on Saturday only one league game will be staged. The J. B. A. and Canadian Scottish will meet at the Willows. The V. I. A. A. will hold a bye.

### No More Defaults Replayed.

The meeting of the union yesterday considered the two games which were defaulted recently. The Wanderers won a match by default from the Canadian Scottish but sent a letter to the union in which they made known their intention not to claim the points and asked for a replay at a later date.

The Bays won last Saturday's game from the Wanderers by default. Whether the Bays will offer to replay the game remains to be seen.

The union passed a motion that in future all games defaulted should stand. No replays will be allowed.

Selection Committee to Meet.  
On Friday night the Selection Committee of the Rugby Union will meet to pick 25 players to train for the rep squad. The Union wishes to make a determined effort to win the McKeech Cup this winter and wishes to have the players in top condition. A suitable place for training will be secured and the players will be given systematic coaching.

## CITY LADIES HOOP SERIES WILL OPEN

First Games to Be Played To-night in Trades Hall; Six Teams to Appear

This evening marks the opening of the Victoria City Ladies' Hoop League. Last year only four teams entered this league, the High School, Y.W.C.A., St. Saviour's and the V.I.A.A. The High School girls carried off the honors and they have entered the league again this year to defend their title as city champions.

The league this season is made up of ten teams, including the Times-Gordon's Ltd., David Spencer, Victoria College, Normal School, Telephone No. 1, Telephone No. 2, Y.W.C.A., Victoria High School and the V.I.A.A.

The games in this league will be played on Wednesday and Friday evenings in the Trades Hall. Labor Hall, Broad Street and will start at eight o'clock sharp, as three games will be played each night. The games in this league promise to be full of life, as the teams comprise the best players in the city.

To-night Gordon's Ltd., and the girls will clash in what promises to be a good game for the spectators. Alex Main will handle the whistle for this game. Immediately after the Times and the "Hello Girls," the dark horses of the league, will tussle for the winning honor. Scotty Dowds will referee this game. Following, Spencers and the V.I.A.A. will be the contenders, with Bill Erickson as the arbitrator.

## SIKI'S LIFE STORY

By Battling Siki

As Told to Milton Bronner, NEA Staff Correspondent

Here is Siki's message to American sport fans—Just to show he's not an illiterate jungle man. Translated, it reads: "My best and sincere greetings to the good and sporting American people. Battling Siki, Champion of the World."

CHAPTER II.

I saw hard times in Marseilles when the money the German dancer left me gave out. Often I was cold and hungry.

I worked long hours washing dishes and drying them and getting little pay and not much to eat. Some of these Marseilles restaurant and hotel bosses knew how to get the work out of you.

Then I had a piece of luck which was afterward to change my life, as the German dancer did. I met Paul Latil, a boxing instructor at Marseilles. He gave me lessons for nothing. He showed me how to build up strength, how to box and duck and crouch.

A lot of newspaper fellows have written that I have a jungle style of fighting, and that I am a sort of chimpanzee. I who has been taught to wear gloves. I was never in the jungle in my life. I haven't seen many chimpanzees and never saw any fight.

**Builds Up Style.**  
Every fighting man builds up his own way of hitting the other fellow and of trying to keep from being hit. Call it by what name you will, the whole game is to hit the other fellow and keep from getting badly hurt yourself.

If I can bend and stoop in such manner that all the other fellows can hit in my elbow or the top of my head, that's my game. He can't hurt my elbow and I have a black man's head. It can stand a lot of beating.

Latil used to get sore because my crouch was not very elegant. I told him it made no difference if it got there. Soon as I got bigger and stronger, I was to be in the gymnasium classes—and kept on washing dishes.

I got my first chance as a fighter in 1915, when I was sixteen. I knocked out Jules Perroud at Toulouse in eight rounds. I was a kid in years but manly in build and heft. I wasn't a bit scared. I may have been nervous, but I knew the crowd and noise. But Siki has never been scared. He's a Senegalese, and they are fighters, as the Germans found out.

Later that year in Toulouse, I knocked out E. Nicolas in two rounds and beat Frank Roosevelt on points. I was beginning to get a rep. But it didn't bring much money.

**Got Little Money.**  
I used to fight for 50 or 60 francs. It seemed an awful lot of money for beating a man.

Early in 1914 I had bad luck. I lost to Jean Audouy in ten rounds on points in July. That was my last public fight for some years. Things looked good. I was getting offers to fight other good men for better purses. I was getting stronger right along and learning from each man I fought.

For one thing, I learned that the crouch Latil hated was very useful. I would go in the ring, act nervous, crouch, crouch and swing my arms wildly.

**Learns From Other Fellow.**  
People laughed and the other fellow would think he had a frightened easy mark before him.

Sometimes he would pull his best punch and land it on my chest for a count of six or seven. It was only a rest for me, time to think. I wanted to puzzle how the other fellow had landed that blow, how I felt myself. I rarely did it a second time.

Once I learned his style, I made my defence and knew how to go after him. I was going to win. Then came the war, and an end of boxing carnivals in France.

**"THE RINK O' CITIZENS!"**  
To the Sports Editor:—Little things make brighter ways. My morning mail brought me my tickets for Victoria's first hockey game of the season on Friday night of this week. Out come my diary and a mark upon it settled what I would do on Friday night. The rink for mine! Something more than the ordinary must happen that keeps me from carrying out the programme indicated by that mark.

No! I draw no dividends out of the profits if there be any. I have no money up on the issue. No blood relation of mine figures on the ice that night, but I'll figure in one set in the arena, and with eyes and voice I'll figure rather large. I can play shinney or I used to, but not hockey. I were put on the ice with those sliding sticks on my feet I wouldn't have any more chance of pulling in that "puck" than I would have of owning the Pennsylvania Railroad, but I'm going to be there on Friday.

## The Last Pedestrian

Boy in Motor Car: "Say, dad, I wish you'd take me walking like those kids."—New York Tribune

MISS CHRISTABEL PANKHURST, former leader of the British militant suffragettes, is now visiting Canada.

TEWFIK PASHA, grand vizier of Turkey and for years the "power behind the throne," is deprived of his wide authority, following the deposition of the Sultan.

HIRAM JOHNSON, former Republican governor of California, and an outstanding figure in U. S. politics, retains his seat in the Senate.

R. M. LAFOLLETTE, re-elected to the U. S. Senate by a huge majority in Wisconsin.

## Out of a Job

When Turk Nationalists deposed the sultan, another member of royalty was added to the large list of regal job hunters. This picture of the former crown prince of Turkey, Abd ul-Medjid, was taken at his residence in Scutari.

## The "Greater Ontario" of Gold

This is Ontario. The white area within its boundaries, greater than the British Isles, represents its gold-bearing possibilities. All this area is pre-Canadian rock—the most favorable formations for precious minerals. The two dark patches show Poreupine, where Ontario has the largest gold mine in the world and three other producers, and Kirkland Lake camp, where five more mines are milling gold. The numbered rings show other localities spread across the entire province where gold has been found. The vast extent of the Ontario gold may be appreciated by comparison with the shaded area to the south, which represents the Old Ontario of farms and factories, Windsor to Ottawa, Toronto to Midland.

At the top is the castle of Cheboygan, residence of A. J. Walker Greig, self-styled "Earl of Dunblaine," whose adventures are being investigated by the Michigan courts. The "castle" stands on a 1,700-acre estate overlooking Duncan Bay. Below is Greig (on the left), in company with Sheriff George Weaver, of Charlevoix.

farm where he expected to get something very nice for an early breakfast, and so he knew nothing about what was going on in his home.

But Mr. Possum was there for him through the woods by a different path and reached Mr. Coon's house before Mr. Fox arrived.

He found a window where the shutter was broken, and hanging from the limb of a tree by his tail and one hind foot, Mr. Possum peeked through and could see every thing that went on inside.

Of course he could not see anything until Mr. Fox went in with his lantern. But then he plainly saw Mr. Possum almost let go his hold

on the tree when he again saw the dreadful face and the red tongue, but he told himself it was only Mr. Fox and kept his hold.

All around on Mr. Coon's kitchen wall were bright things; a tin plate, a piece of an old mirror and a bright new milk pan which Mr. Coon had driven a nail through, and fastened over a table, for Mr. Coon was very fond of things that shine and his

new pan was polished like silver. Around the room went Mr. Fox with his lantern, looking under the table and under the sofa and even under the stove, but of course he did not find Mr. Coon.

All this time he had been stooping over and his back began to ache, so Mr. Fox stood up and glanced around the room and it happened that he was right in front of the big polished milk pan.

He held the lantern up beside his head to throw the light about the room, and turning around he looked straight at his reflection in the shining pan.

With a howl of fright he dropped his lantern and ran out of the house but his boots were not made for running, that is, Mr. Fox could not run with them on, and down the steps he rolled. He picked himself up and on he went, for he expected the creature he had seen was after him.

"Now what was that matter, I wonder," thought Mr. Possum, who had been watching. "Something frightened him. I'll just go in and see. If anyone was in there they would have chased him."

Mr. Possum found a candle and lighted it and then he went to the spot where Mr. Fox stood when he dropped his lantern. "Ha, ha, ha," laughed Mr. Possum. "If he didn't scare himself! Well, he looked bad enough, I must admit, to scare anyone."

Mr. Fox never did know what Mr. Possum saw, but he felt it would not be wise to mention to the wood folk anything about the scare he gave Mr. Possum on Halloween.

**Too Many White Collar Men.**  
 "Yet one's attention is drawn to the fact that to-day we of the white race have come to the point where there are certain classes of labor that we are not willing to perform. Our progress in the social scale has induced in us the desire to do less and less of the drudgery that is inevitably necessary in carrying on certain lines of industry. Perhaps there is too great a disposition on our part to despise work, and if there is it is the most serious economic situation, because when a people come to despise work and to seek luxury and comfort while laboring the very foundation of its own happiness. The truest happiness, I think, we are all agreed, arises out of hard work and sacrifice for ourselves, our families and our fellow citizens.

 "To my mind the real objection to the Oriental and the one that is permanent and incurable is the ethnological difference between the white and oriental races."

**As a Christian people we thoroughly believe that man to man the world over should brothers be; but it is hard for me to believe that in the Divine arrangement of things it was intended that the blood of the Oriental and the blood of the white should mix.
